Full Intention

(DEFECTED //OFF RECORDINGS // SUARA // REBIRTH // FULL INTENTION RECORDS // TOOLROOM // BLUFIN // MICHAEL GRAY & JON PEARN // U.K.)

Full Intention duo Michael Gray and Jon Pearn need no introductions. Spreading their dominating sound for the last 15 years they have been a pioneering force on the global dance music scene. The pair have secured a seemingly non-stop string of successful releases and remixes, escalating the twosome to true global status. They produced numerous huge club and charts hits, nearly all of them becoming all-time classics. Their discography includes such great tunes, like “I Love America”, “I’ll Be Waiting (with Shena)”, “Spanish Hustle”, “Everybody Loves The Sunshine” and Sex-o-sonique “I Thought It Was You”, to name but a few.

Full Intention have worked with some of the biggest names in the industry, like Paloma Faith, Duke, Jamiroquai, Whitney Houston, Barbara Tucker, Mood 2 Swing, Ella Henderson, Brandy, Ultra Nate, Aly-us, Fish go Deep, Inner City & DJ Anna and not to forget the Grammy nomination for their remix of George Michael’s “Amazing”. So no wonder their innovating sound had a huge impact on the whole scene and influenced many other big producers.

In 2005 Full Intention decided to take a break while Michael Gray and Jon Pearn focused on their solo work but now they are back together with a string of strong releases and DJ sets for labels like Defected, Off Recordings, Suara & Rebirth. Currently riding high with their Meteor Man EP on OFFSPIN.
